A plea for donations for the Bottle Stall (wine, preserves or soft drinks). We also run our own Plant Stall (all monies raised being credited to the Society's funds). If you can help with bottle or plant stall donations please let us know and collection can be arranged or please bring them to the Fête on the day or on the Friday set up day. **Thank you.**

Next Year's Show: Sat 25th July

WELCOME from our Chairman Brian Leversha

As I write this script today in early March with the weather bright with clear skies and sunshine we can only hope that we will have the same weather for our Flower Show and Fete in July. It will mean we will have many dogs, with their owners, taking part in what is becoming a very popular fun event.

Also, it will mean that the enthusiast's car and motor bike owners will bring their treasures to show them off in the paddock allocated to them along with their picnics. They are also keen to chat to the public admirers of their vehicles it will make it a great attraction to all concerned. The weather of course decrees how many entries we will have in the horticultural section in the main show tent. This plus the sheer dedication of the exhibitors creates a very colourful and pleasing show for the public attendees.

We will have all the other popular attractions including the Punch and Judy, Farm Animals and The Birds of Prey. Of course, our fete would not be complete without all the side stalls such as the coconut stall, greasy pole and beat the Goalie. Many of the other stalls will be promoting fund raising for various Charities with some selling their wares such as honey. etc.

All of the above could not happen without the hard work and dedication of the Committee of the Society who spend a lot of time at meetings plus in their own time making sure the Flower Show and Fete happens. Also, thanks must go to all our sponsors, advertisers and of course not least all the people who help us in so many ways including setting up the show and helping in the Tea Tent.

Also, we are grateful for all the help from Alf White and family who yet again allow us the use of their lovely farm to hold the Flower Show and Fete which is enjoyed, in numerous ways, by so many people, especially the children.

One of the features we have in addition to the Fete is the evening Barn Dance in the main Show Tent which is great fun not only for the dancers but also for those watching not wishing to participate.

As a special plea, could I ask that if you should use any of the advertisers in this schedule that you please tell them where you obtained their details from. Please retain this schedule after the show for your future use.

A last request. It may seem odd but we do have attendees to the Fete getting to the entry gates and not having cash to pay. As we are not equipped to take cards, please make sure you have CASH for the entry gates and of course for all of the fun stalls like the coconut and Beat the Goalie etc.

That's it from me.

- Uniformity of exhibits should be aimed at. A single large specimen shown with much smaller examples will not impress the judges.
- Leaves should be cut off beetroot, carrots and parsnips, leaving about 75mm of leaf stalk
- Onions should be shown with about 75mm of stalk folded down and tied if dry or cut to approx. 23 cm if green. Shallots should be separate, not in clusters and treated similarly.
- All roots should be washed gently, not scrubbed.
- Peas, beans and tomatoes should have stalks
- Exhibits can be labelled with cultivar or variety
- Cabbages, cauliflowers, calabrese and broccoli should be shown with approx. 50mm of stalk
- Courgettes should be approx. 150mm in length and 35mm diameter.
- Lettuce roots should be washed and wrapped in moist tissue and inserted in a neatly tied plastic bag.
- Marrows should be less than 350mm long
- Peas should have 25mm of stalk and retain their waxy bloom. They should not be polished.
- Radishes should be shown with 40mm of stalk.
- Rhubarb should be shown with top foliage cut off leaving approx. 75mm from start of leaf stalk.
- If exhibits appear to the judge to be of equal merit, arrangement of the exhibit may be taken into account.
- Preservation of natural bloom on all fruit is desired. It should not be polished.
- All fruit (except apricots, nectarines, peaches and nuts) should be shown with stalks intact.

Domestic Classes

- Jam jars should be covered with a wax disc and cellophane, or a lacquered metal lid, or a plastic lid (available from Women's Institute) without a wax disc.
- Bread and cakes should be at least 24 hours old.
- It is advisable to cover all food with cling film.
- Cakes look attractive if presented on a china plate with doyley.
- Use plenty of cling film to enable judges to re-seal or cover cakes, etc. Alternatively, plate covers will be provided by the Society on the day.
- Based on the British Poultry Standards book:
- Eggs judged for external appearance should be of an elliptical cone shape, circular in cross-section, of even colour, with regular mottles or speckles, where appropriate.
- Eggs judged for content should have a bright, golden-yellow yolk, free from streaks or spots without any sign of embryo development. Albumen should be clear with no spots or cloudiness.
- Decorated eggs can be whole or cut with painted interiors, but the egg shape must be visible and recognisable. Decoration may be with beads, shells, cardboard and colouring.
